## Patient News

Stay connected with your doctor at Weil Foot & Ankle Institute from the comfort and safety of your home. Our physicians are available to treat you by Telehealth using your computer (with a webcam) or smartphone.

Weil Foot & Ankle Institute is helping reduce the stress on hospitals and emergency departments by providing multiple appointment options. We offer same day appointments in the office or from your home by Telehealth to meet your urgent foot and ankle needs. Our staff is available to assist you with setting up your visit. Please call **847-250-9797** to schedule your in person or Telehealth visit today.

## Universal Mask Requirement

In an effort to reduce the risk of spreading COVID-19, Weil Foot & Ankle Institute now requires patients and anyone accompanying them to arrive for their appointment wearing a face covering, (such as a scarf, bandana, t-shirt, handmade mask or other) that covers both nose and mouth.

Patients and guests arriving without face coverings will be asked to return to their car to put one on or reschedule their appointment. Due to a national shortage on personal protective equipment (PPE) for healthcare workers, we are unable to issue surgical masks to patients at this time. Thank you for partnering with us to slow the spread of the virus.

## How We Keep Our Patients Safe

We've been thinking outside the box to help keep our patients safe and healthy. If your visit can't be conducted through #telemedicine, we've taken extra steps to provide a safe clinical environment for your in-person visit.

One of those measures is making sure we have hand sanitizer available for everyone's use. With a national sanitizer shortage, we turned to another fabulous Illinois business for help, Koval Distillery - Chicago. Koval has been generously

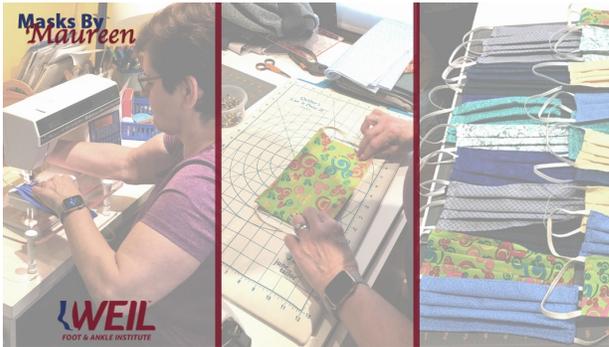

producing hand sanitizer the last several weeks for healthcare providers across the Chicago area and we're grateful for their efforts.

## Masks By Maureen

Special thanks to Maureen who works in our retail store at the Mount Prospect location.

Maureen, who was originally scheduled to be on her honeymoon, is currently sewing masks for staff to wear while working.

To protect our patients and team members, all WFAI doctors and staff are wearing masks in the office. We area also requiring all patients to arrive for their appointment with a face covering (scarf, bandana, cloth mask, etc.). Thank you for helping us keep our offices safe.

## Have a question? Ask Our Doctors!

### Ask The Doctor

At Weil Foot & Ankle Institute, we understand that people lead busy lives with packed schedules. It's often hard to make time for a doctor's appointment.

For that reason, we have a program called "Ask The Doctor," which is available to anyone and everyone – our current patients, potential patients, or someone who is curious about their foot or ankle condition.
